Sara – sorry for the confusion. I meant address you, rather than Susan.

Best,

**Subject:** Bypass Valve Extension at BOE

Susan,

Thank you for participating in the call on Tuesday, where we discussed the supplemental modeling analysis prepared by HDR on the bypass extension elevation. BOE is ready to install the proposed extension next week, once we receive your approval and/or direction. Do you need anything else from us so that we can move forward with this project, pursuant to the plans that we submitted and discussed on our call on the 27<sup>th</sup>? My recollection is that EPA did not have any additional requirements in terms of the design that we discussed on the 27<sup>th</sup>'s call.

I could be available for a call if you wanted to discuss further.

Best,  
Bill Guerry
